

DIRECTORS & OFFICERS LIABILITY INSURANCE

WHAT D&O INSURANCE DOES:

- Protects the personal assets of a company's directors and officers from potential unlimited liability;
- Protects the company's assets;
- Provides reimbursement to the organization to indemnify directors and officers for their losses; and
- Helps the company monitor and provide defense costs associated with responding to lawsuits and investigations.

WHY PRIVATE COMPANIES AND NOT-FOR-PROFIT ORGANIZATIONS SHOULD CONSIDER BUYING D&O LIABILITY COVERAGE:

- The cost of defending corporate lawsuits may exceed the net worth of most private companies;
- Judgments and settlements can be financially crippling;
- Corporate indemnification may not be available;
- Adverse shareholders and other potential claimants may exist;
- Bad business decisions are likely to be more visible due to small business environment thus attracting the attention of shareholders, regulators and other third parties;
- Business decisions made by directors and officers can quickly impact the finances and operations of a company;
- Directors and Officers work in demanding environments as they cover more corporate duties;
- Unique conflicts of interest may exist due to complexity of responsibilities; and
- Companies will have a difficult time attracting qualified individuals to their Boards without D&O or EPL coverage.

SOURCES OF D&O AND EPLI CLAIMS:

- From Shareholders, Investors, Partners and Members
- Mergers / Acquisitions - Conflict of interest
- Financial performance - Bankruptcy
- Executive compensation
- Inadequate / Inaccurate disclosure
- Stock or other offerings - Financial reporting
- Customers, Clients and Consumer groups
- Extension, refusal of credit - Restraint of trade
